Newsletter September 2020**

Central Auto Racing Boosters Hall of Fame and Museum, Inc.

Hello everyone, The Central Auto Racing Boosters Hall of Fame, Officers and Board hope all are being safe and well. It has been rough everywhere for all as we are sure someone at some time may have had a situation where it affected you and your families. We just encourage you to be cautious and protect yourself in every way. As you know with each year comes different challenges to overcome and this year presented all of us with a strange Spring and Summer one that made all of us sit back and figure out a way to approach things differently.

The Hall of Fame Officers and Board members were only able to hold one board meeting since March. At that time, we wore face masks and sat 6 feet from each other. At that meeting it was decided by all to keep everyone safe, that we would not meet again in person until this pandemic was under control because each person has different health reasons in trying to protect our elderly and others involved. The board also decide to cancel all our events for the summer including our Annual Legends Picnic.

We are taking this time to reach out with this newsletter to let everyone know what we have been doing. We have been busy reconstructing our website, www.carbhalloffame.com with a fresh new look, updating information and adding new enhancements. We encourage you to please look at it and if you have any suggestion of something you would like to see please let us know.

We are excited to say the Central Auto Racing Boosters Hall of Fame and Museum and the Kansas City Automotive Museum is back open for visitors. **Mask are required.** Days open and times are in this issue. Please go on the KCAM website and set up a tour if you have 10 or more people coming. You will also get a discount rate by booking ahead.

We have also exchanged vehicles at the Kansas City Automotive Museum. The #25 Super Modified of Lowell and Marla Christy for all to enjoy.

The Hall of Fame Nomination: The Hall of Fame Selection Chairman has been receiving nominations for the 2021 Induction. We are proud to say we have received 13 new nominations. That makes 37 nominees for the selection ballot. We would like to take this opportunity to share with you what happens now since the nomination deadline has passed.

Selection Committee: Chairperson: Chairperson will be selected by the President of the Hall of Fame. The Chairperson will cast his/her ballot at the same time as committee members and the ballot will be placed in an

envelope and given to the President of the Hall of Fame. The ballot is only opened in case of a tie. **Selection Committee Will consist of:** Central Auto Racing Boosters Hall of Fame and Museum Board members (Officers and Directors) plus all living Inductees. The 5-9 volunteers that volunteer during the October meeting will not be possible this year due to the pandemic and the safety of everyone.

Voting Process

On the 1st of November a short biography of each Nominee along with a Self-Address Stamped Envelope will be given or mailed to each person on the Selection Committee. All ballots must be returned, and post marked no later than November 30th to be counted. All ballots will remain sealed until the meeting can be set for the ballots to be counted by the Officers/Board. **Due to the pandemic it will not be a public meeting.** The CARB President will also be attending that meeting for opening of the ballots. The 8 inductees will be announced on **Racinboys Live** on Saturday, December 12, 2020 due to the pandemic. The ballots along with the envelopes that they were sent in will be given to the Chairperson, shown to the Committee Members, and then destroyed. In closing the Officers & Board of the Hall of Fame would like to say take care and hope to see many of you soon. God Bless.

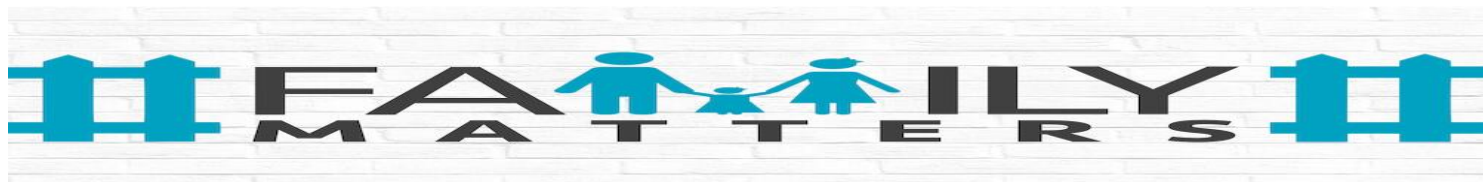

Announcing of the 2021 Inductees
will be announced on **Racinboys Live** on
Saturday, December 12, 2020 due to the pandemic
